

# Welcome!

## YOUR INTEGRAL PART OF THE FEDERAL TRANSPORT SYSTEM STARTS HERE!

Thank you for purchasing The NRCME Plus© Training system. Our system has been developed over a three year period to provide you the most up-to-date material to satisfy the pre-qualifications for the Federal NRCME examination. Upon completion of this system, you will be qualified to sit for the National Registry of Certified Medical Examiners federal examination. Upon successful completion of that examination, you will then be designated as an NRCME examiner for a period of six years. Periodic retraining will be required every three years. Each six years after your NRCME status is granted, you will be required to take the recertification examination. Each twelve years, you will be required to undergo complete retraining in the NRCME program. Please refer back often to our website as updated course offerings will become available. Thanks again for entrusting your education needs to NRCME Training Systems, LLC.

# Welcome!

## GENERAL INSTRUCTIONS

- In this program, you will be presented with 17 training modules.
- You will perform a pre-test to assess your current DOT physical exam knowledge.
- Each module can be done on your time, wherever you would like as long as you have internet access.
- You will have 30 days to complete this program.
- Each module will have post module quizzes.
- Once completed, there will be a 35 question final exam.
- A certificate will be awarded and Category I CME hours will be forwarded through one of our ACCME affiliates.
- This program will provide 12 hours of Category 1 continuing education credits.
- Please access the “online library” where helpful, downloadable and printable documents will be located. Feel free to use these as needed.

## GENERAL INSTRUCTIONS –CON'T

- The engine providing this navigable training is provided by FlexTraining, Inc. If you have difficulty with any technical aspects of this training, please contact them directly at 1-888-957-7771.
- Contact the FMCSA when you are ready to sit for the examination and you will be directed to the nearest online examination center.
- Best of Luck and Welcome to NRCME Plus+ Training System on line training program!
